The Prize Awarded!

Anheuser-Busch Brewing Co.
Wins the Prize at the
World's Fair with their
"EAGLE" Brand Beer.

ST. LOUIS, OCT. 28, 1903.
Messrs. MACFARLANE & CO., L.D.,
Honolulu, H. I.

Dear Sirs:—We have mailed you a copy of the Globe-Democrat announcing the great victory won by the ANHEUSER-BUSCH ASSOCIATION with their "EAGLE" Brand of Beer.

(Signed) ANHEUSER-BUSCH BREWING ASSOCIATION.

(Special Despatch to Globe-Democrat.)

WORLD'S FAIR, CHICAGO, ILL., OCT. 28.—No award has ever been made so gratifying to St. Louis people and so justly merited as the one given to-day by the Columbian jury of the World's Fair, consisting of connoisseurs and chemists of the highest rank, to the Anheuser-Busch Brewing Association. By methods of unrivaled business enterprise, and by using the best material produced in America and Europe, excluding corn and other adulterants or surrogates, the different kinds of the Anheuser-Busch beer have become the favorites with the American people, and have now conquered the highest award in every particular, which had to be considered by the Columbian jury. The high character of the award given to-day by the jurors will be better understood when it is known that the different beers exhibited by the Anheuser-Busch Brewing Association had to compete with hundreds of the most excellent displays of other brewers. The fact that no other concern has received so many points for the various essential qualities of good beer confirms anew the firm's reputation as the leader of all American beers, and Mr. Adolphus Busch can feel proud over this result so justly merited.

The above is a fac-simile of the Label of the "EAGLE" Brand which took the Prize.

In ordering this Beer be sure to ask for the "EAGLE" Brand.

RAILROADS IN TROUBLE.

English Capitalists Downed by Collapse of American Securities.

LONDON, Dec. 28.—The English press is severe on what it calls the misleading statements of President Reinhardt of the Atchison railway system as to the position of that company as cabled to London. It is claimed that these alleged misleading statements were made while all the arrangements for filing the bill of the receivers were already completed, and it is asserted the affair destroys the last vestiges of confidence which English investors might have had in American railroads.

The Daily News says: The Atchison developments have made men distrustful of the very best American lines managed by the very best and solid men in America.

The Standard doubts if a 25 percent assessment on the shares would yield enough to put the line on its legs again.

The Financial News says the Atchison deception in some respects is the worst of all deceptions with which investors on this side have been taken in, and pronounces the opinion that the whole business is discreditable to the last degree.

The Chronicle says the losses to British investors in American railroads are due to bad administration and the market operations of the railway magnates are of a character which would not be tolerated in this country. The Chronicle adds the payment of interest is often dependent, not upon the solvency of the company, but upon the interests of those in control, judged from the market point of view.

Brokers Phillips, dealer in American securities, has failed. He was long on 2000 shares of Louisville and Nashville, and 3500 Atchison, and short £54,000 in Brighton A stock. His failure brought down Grant, dealers in Brighton A.

Boston, Dec. 28.—Judge Nelson of the United States Circuit Court has appointed Reinhardt, McCook and and Wilson Atchison receivers for Massachusetts.

New York, Dec. 28.—The papers on which temporary receiver was granted for the New York and New England road set forth that the road is hopelessly insolvent; that it has been operated at an increasing loss every year; that the actual deficiency is now more than \$1,500,000; that the road is in poor condition physically; that it is unsafe; that the directors managed it in entire disregard of the interests of stockholders, and for the furtherance of the private interest of certain directors, instancing a number of transactions in the way of leasing lines, the breaking of agreements, etc.

Receiver Pratt has not yet taken possession of the New York and New England road, though entitled to do so under the court's orders. President McLeod expects he will be able this afternoon to get enough proxies to ratify the lease of the New York, New England and Northern to the New England. The vote of stockholders this afternoon on the lease of the New York, New England and Northern showed a clear majority in favor of the proposition.

Platt has qualified as receiver in \$1,000,000 bonds. His bondsmen were H. O. Armour and Calvin S. Price.

Boston, Dec. 28.—Counsel for the New York and New England road sought to apply for a receiver in the United States Circuit Court here, but Judge Coll is ill, and Judge Nelson of the District Court refused to act. The applicants then left for Providence to apply to Judge Carpenter.

Prescott, Ariz., Dec. 28.—Arthur Dudley Vinton, attorney for the Prescott and Arizona Central Railroad, to-day filed a petition for the appointment of a receiver for the Atlantic and Pacific Railroad. The petition is very voluminous, and consists mostly of a recital of the numerous suits which he has instituted against the Atlantic and Pacific Company on behalf of the road he represents, and which quit business three months ago. The petitioner incorporates his disapproval of the appointment of Reinhardt and McCook as receivers of the Atchison company. Beyond filing, no action was taken on the petition.

MILWAUKEE, Dec. 28.—The petition in behalf of the Northern Pacific road for the removal of the present receivers was filed in the Federal Court here by General Counsel Pettit of that road this afternoon.

Receiver Henry C. Payne of the Northern Pacific said, in regard to the petition of the stockholders of the road seeking the appointment of new receivers, that he and his colleagues have faithfully and diligently undertaken to administer the trust placed in their charge, having in view only the preservation and management in such way as in the quickest time to place the company on its feet. The management has not in the least degree tried to influence the action of the receivers, and he cited the stand taken concerning the Wisconsin Central lease as illustrative of this.

The insinuation the receivers are incompetent needs, he said, no answer in their own communities. He asserted that Oakes is one of the ablest railroad men in the country, while Rouse is quite as well known, being the present chairman of the Executive Board of the Missouri, Kansas and Texas railroad. Payne looked upon the movement as a transfer to the courts of the Wall-street feud, which long existed between the two opposing factions of the road. He personally disavowed any intention to do anything for other than the best interests of the company and characterized the charges and counter charges in the Wall-street controversy as mere braggadocio.

CLARKSVILLE, Tenn., Dec. 28.—United States Circuit Judge Learton to-day heard argument on application for a receiver for the Chesapeake, Ohio and Southwestern road. The decision will probably not be announced for several days.

NASHVILLE, Dec. 28.—John Echols and St. John Boyle have been appointed receivers of the Chesapeake,

Ohio and Southern Railroad. The appointments have been agreed to by C. P. Huntington's attorneys.

Many stubborn and aggravating cases of rheumatism that were believed to be incurable and accepted as life legacies, have yielded to Chamberlain's Pain Balm, much to the surprise and gratification of the sufferers. One application will relieve the pain and suffering and its continued use insures an effectual cure. For sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.
